

KAPLAN KIRSCH ROCKWELL

Environmental Law Network Ranked Band 1 Global-wide Legal Network for 2nd Year in a Row

06.13.16

Kaplan Kirsch & Rockwell is a founding member of the Environmental Law Network (ELN), a network of small specialized environmental law firms throughout the world. Formed in the early 1990s by our predecessor firm and a small environmental firm in Philadelphia, the ELN has grown to a worldwide group of more than 250 environmental attorneys. Partner Polly Jessen is the Firm's designated representative.

The latest edition of Chambers—the leading guide to business lawyers—has named ELN to Band 1 (the highest ranking) as a global legal network for a second year in a row. It remains as the only environmental network to be so recognized.
