### *5280 Magazine*

**01.02.18**

We are excited to share that the following attorneys were recently selected for inclusion in *5280's* Top Lawyers for 2018:

- Polly Jessen for Environmental Law
- Lori Potter for Environmental Law

For the past four years, *5280* annually assembles a list of Denver's top lawyers. A survey was made available to all licensed attorneys in the seven-county metro area to vote for the most skilled in each legal industry. Further information on the selection process and the full list of top lawyers is available at *5280's* website.
