Firm Attorneys Lead Counsel for Edwards Dam Removal on Kennebec River in Maine.

06.22.20

Firm attorneys were lead counsel for the proponents of the nation's first federally ordered removal of a hydroelectric dam on the Kennebec River in Maine. The Edwards Dam was removed in 1999. The environmental effects, twenty years on, of this years-long effort were highlighted in a National Public Radio piece on June 21. [Click here for the piece.](#)
