Kaplan Kirsch & Rockwell Attorneys Assist City of Atlanta in Successful Launch of New Streetcar Service

12.30.14

Kaplan Kirsch & Rockwell is pleased to congratulate the City of Atlanta on the start of operations for the Atlanta Streetcar Project. Working together with representatives of the City, the Federal Transit Administration, the Georgia Department of Transportation, and the Metropolitan Atlanta Rapid Transit Authority (MARTA), our attorneys played a key role in securing the final regulatory approvals and agreements that were required to bring this project to its successful implementation for the benefit of Atlanta's residents and visitors.
