

KAPLAN KIRSCH ROCKWELL

Peter Kirsch Presents at ACC Airport Project Delivery Ethics Webinar

06.10.21

Peter Kirsch will co-present at the Airport Consultants Council Understanding Ethics: How They Apply to Project Delivery webinar on June 17, 2021.

The webinar will provide an overview of how ethics may play a role in project delivery and the foundational principles that govern a lawyer's conduct and their practical application. The program will focus on how to balance the ethical complexities that arise in the airport context where there is an interplay among the private sector, government agencies and the public. The webinar will also explore practical examples of where ethics may not be immediately intuitive to non-professionals and will use case examples as exercises for participants to understand how the ethical rules affect regular interactions with airport clients and the public.
