

KAPLAN KIRSCH ROCKWELL

Election Law

The attorneys at Kaplan Kirsch & Rockwell have a long tradition of working on election law matters. We have been involved in ballot issues, including initiative and referenda petitions, as well as in candidate election issues and in successfully challenging an initiative petition in Denver. The Firm has been actively involved in an inclusion election, in which, as the result of an initiative, a community gained inclusion in the Denver area's Regional Transportation District. Kaplan Kirsch & Rockwell attorneys also represented a municipality in California on litigation over the validity of an initiative ballot question and in defending a voter-adopted parking tax.
