Kaplan Kirsch & Rockwell attorneys represented the owner of the Last Dollar Ranch in the conveyance of a conservation easement to the American Farmland Trust. The Ranch is located on the Dallas Divide near Telluride, Colorado. We counseled this client through the many decisions that a landowner makes when considering a conservation easement. Our team coordinated the efforts of various experts, including the appraiser, biologist, surveyor, and title insurance company. The preservation of this magnificent landscape provides a great benefit for the people of the state of Colorado and is one of the many hundreds of conservation easement transactions handled by Kaplan Kirsch & Rockwell attorneys.
